

前言 Foreword

在過去十二個月，我們不時檢討本處的環保表現，確保本處繼續貫徹執行最佳的環保措施，以達到所定的目標。今年，我們會進一步落實可持續發展的原則，並會藉着不斷提高本處的環保表現，盡量減少航空交通增長對環境和社區造成的影響。

During the last 12 months we have reviewed our performance to ensure that we keep up with the best practice and achieve the set targets. This year, we will further develop our focus on the principles of sustainable development. We are committed to minimizing the impact of air traffic growth on the environment and local communities through the continuous improvement of our environmental performance.
