

Key Responsibilities

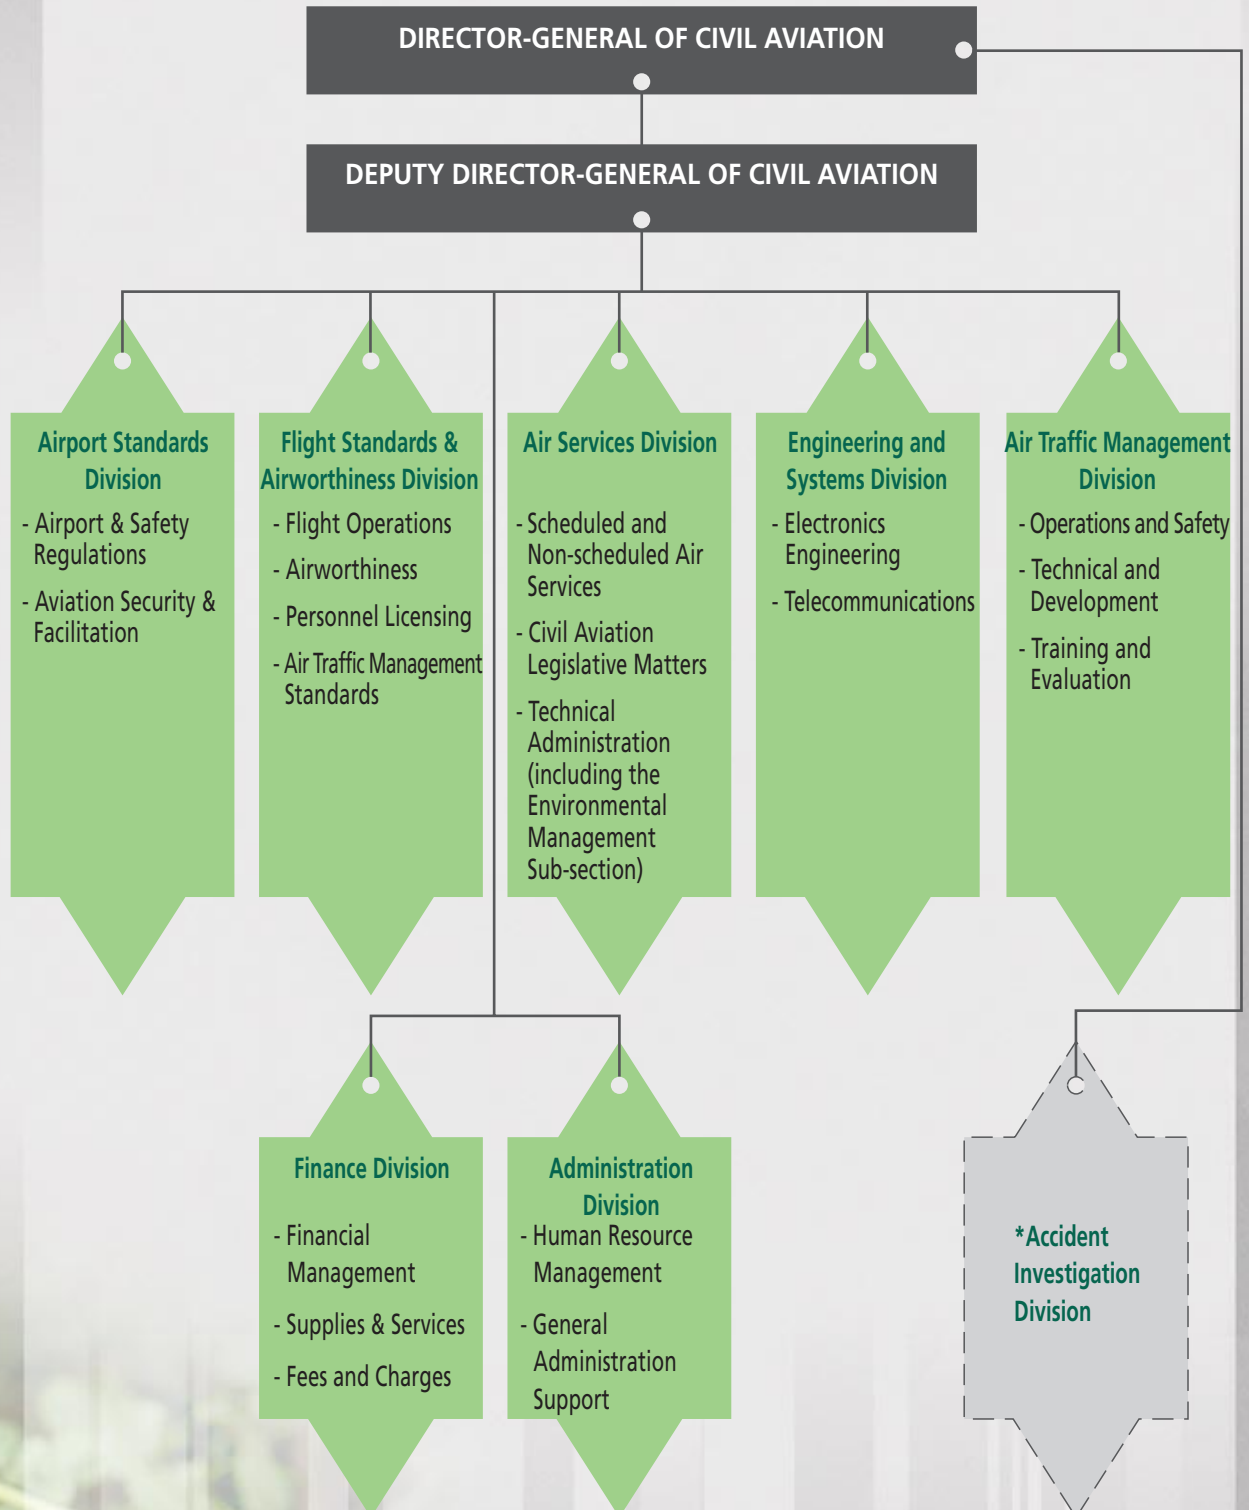

Being the civil aviation authority in Hong Kong, CAD is committed to a safe and efficient air transport system. We strive to accomplish the following missions in a professional manner: -

- Positioning Hong Kong as a leading centre of aviation
- Maintaining safe, orderly and expeditious flow of air traffic
- Providing flight information service and alerting service within the Hong Kong Flight Information Region
- Coordinating search and rescue operation in the event of aircraft emergencies and accidents
- Setting and enforcing aerodrome safety and aviation security standards
- Ensuring compliance of established airworthiness and flight operations standards by Hong Kong registered aircraft and locally based airlines
- Ensuring Hong Kong approved aircraft maintenance organisations comply with international standards
- Ensuring Hong Kong licensed flight crew and aircraft maintenance engineer meet international standards
- Monitoring compliance by airlines with bi-lateral Air Services Agreements
- Developing workable measures to minimise the impact of aircraft noise on local communities

Organization Chart

Organization Chart as at 1 January, 2005#

Note :

There is no major change in organizational context (e.g. organization size, and activities) since last report.

* The Accident Investigation Division is mobilised only when required by drawing specially trained staff from other Divisions.

Number of staff

CAD had a total of 661 staff and 7 divisions as at 1 January 2005 (Figure 1).

Figure 1

Our Location

CAD had 5 office locations (Figure 2). We also had a number of radar stations, radio navigational aids and communication stations.
