

Chapter 1

Introduction

About this Report

Welcome to the CAD Environmental Report 2003. This is the fifth annual report produced by CAD since 1999. It reports our environmental performance in the year of 2003 and our initiatives in protecting and improving our environment.

Scope of this Report

This report first identifies the two aspects of our environmental efforts : the control of aircraft noise generated by civil aviation activities and the regulation of our own in-house activities. It then reviews how we have performed against targets in the 2003 calendar year and what can be expected in the upcoming year.
